

ABAP Developer (f/m/d)

Description

LET'S ROCK THE STOCK!

Do you work as an ABAP developer and already have experience with SAP logistics solutions? And would you like to take on a new challenge? Then the SAP EWM pioneers at LogiPlus are the right place for you. Join us on our world tour at our numerous inspiring intralogistics concerts!

Our genre

We have been revolutionizing the warehouses of well-known companies with our SAP logistics concerts since 1999. We are absolute artists on the instruments SAP EWM, SAP MFS, SAP WM and SAP S/4HANA. We enthusiastically perform our repertoire, which includes classic SAP EWM implementations as well as migration projects, for example from SAP WM or SAP EWM SCM. But our setlist also includes songs on warehouse automation with solutions such as AutoStore. And not to forget – our encore: with our diverse add-ons for optimizing warehouse processes, we ensure the perfect sound in the warehouse.

The life of the band

- **Teamwork** is very important to us, we stick together and support each other.
- We have an **open-door culture** and **flat hierarchies**.
- **Short communication channels** enable quick and uncomplicated decisions in the interests of our customers.
- Our band members have **excellent opportunities for development and freedom** in an exciting and **dynamic project landscape**. This is also ensured by our globally oriented intralogistics concerts.

Your appearance

Your repertoire includes:

- Customization, new development and maintenance of customer applications in the SAP logistics environment using OOP
- Creation of software specifications based on internal and external requirements
- Support with new processes and solutions in the context of technical conception and implementation
- Direct contact person for both internal and external consultants and developers
- Further development of existing LogiPlus solutions and development of new program objects and applications in SAP
- Support in connecting our software solutions to our customers' SAP systems
- You follow innovations in the technical SAP environment and contribute your
