SAP EWM Consultant (f/m/d)

Description

LET'S ROCK THE STOCK!

Do you work as a consultant in the area of SAP Extended Warehouse Management (EWM)? And would you like to take on a new challenge? Then the SAP EWM pioneers at LogiPlus are the right place for you. Join us on our world tour at our numerous inspiring intralogistics concerts!

Our genre

We have been revolutionizing the warehouses of well-known companies with our SAP logistics concerts since 1999. We are absolute artists on the instruments SAP EWM, SAP MFS, SAP WM and SAP S/4HANA. We enthusiastically perform our repertoire, which includes classic SAP EWM implementations as well as migration projects, for example from SAP WM or SAP EWM SCM. But our setlist also includes songs on warehouse automation with solutions such as AutoStore. And not to forget – our encore: with our diverse add-ons for optimizing warehouse processes, we ensure the perfect sound in the warehouse.

The life of the band

- **Teamwork** is very important to us, we stick together and support each other.
- We have an **open-door culture** and **flat hierarchies**.
- **Short communication channels** enable quick and uncomplicated decisions in the interests of our customers.
- Our band members have **excellent opportunities for development** and **freedom** in an exciting and **dynamic project landscape**. This is also ensured by our globally oriented intralogistics concerts.

Your appearance

As an SAP EWM expert, you are a fundamental part of our team – we attach great importance to your ideas, visions and suggestions that provide our customers with tangible added value. With your concentrated SAP EWM knowledge, you will also actively contribute to technical SAP EWM topics of the future and thus make an important contribution to the further growth of LogiPlus and the success of our customers. Your repertoire includes:

- Active co-design and sub-project management of national and international projects for well-known customers
- Carrying out business process analyses and aligning them with the business strategy
- Re-engineering of business processes and organizational structures
- Creation of concepts, blueprints and functional specifications
- Customizing of SAP EWM and SAP MFS
- Systematic further development of your SAP skills
