SAP EWM Solution Architect (f/m/d)

Description

LET'S ROCK THE STOCK!

Do you have several years of SAP EWM experience and a passion for SAP technology? And are you looking for an exciting new challenge where you can really make a difference with your expertise? Then the SAP EWM pioneers at LogiPlus are the right place for you. Join us as an experienced SAP EWM Solution Architect (f/m/d) on our world tour at our numerous inspiring intralogistics concerts!

Our genre

We have been revolutionizing the warehouses of well-known companies with our SAP logistics concerts since 1999. We are absolute artists on the instruments SAP EWM, SAP MFS, SAP WM and SAP S/4HANA. We enthusiastically perform our repertoire, which includes classic SAP EWM implementations as well as migration projects, for example from SAP WM or SAP EWM SCM. But our setlist also includes songs on warehouse automation with solutions such as AutoStore. And not to forget – our encore: with our diverse add-ons for optimizing warehouse processes, we ensure the perfect sound in the warehouse.

The life of the band

- **Teamwork** is very important to us, we stick together and support each other.
- We have an **open-door culture** and **flat hierarchies**.
- **Short communication channels** enable quick and uncomplicated decisions in the interests of our customers.
- Our band members have **excellent opportunities for development** and **freedom** in an exciting and **dynamic project landscape**. This is also ensured by our globally oriented intralogistics concerts.

Your appearance

As an expert for the market-leading warehouse management software SAP EWM, you are a fundamental part of our ensemble and will become a bandleader straight away. Your repertoire includes

- Management of large national and international projects
- Leading project teams with up to 10 consultants and developers, both professionally and organizationally
- Development and realization of concepts and projects with our clients, including strategic management
- Contact for project and product-specific questions
- Long-term maintenance of customer relationships
- Carrying out business process analyses; alignment with the business strategy
- Reengineering of business processes and organizational structures

- Creation of concepts, blueprints and functional specifications
- Customizing of SAP EWM or SAP MFS
- Conducting/leading user training courses

We attach great importance to your ideas, visions and suggestions that provide our customers with tangible added value. With your concentrated SAP EWM knowledge and your many years of experience, you will also actively contribute to technical SAP EWM topics of the future and thus make an important contribution to the further growth of LogiPlus and the success of our customers.

Your instruments

- Strong affinity for management consulting topics
- Several years of experience in the implementation, development and customizing of SAP EWM and its core processes
- Very good understanding of SAP architectures and technology platforms, also in relation to cloud
- Expertise in the integration of SAP EWM with other SAP solutions such as SAP S/4HANA, SAP TM, SAP planning solutions
- You are a team player, responsible and have a high degree of customer orientation
- You have very good communication skills in German and English
- In addition to strong analytical skills, you have excellent communication and presentation skills

Your fee

In addition to an attractive remuneration model and profit-sharing, you will receive a company car as well as personal mentoring and individual development opportunities. We offer you excellent development opportunities and freedom. Because the focus is on you as a person with your strengths. It is important to us that you play in our band every day with fun and enthusiasm.
