# SAP EWM Developer – MFS (Material Flow System) (f/m/d)

**Description**

## LET'S ROCK THE STOCK!

You work as an ABAP Developer and already have experience with SAP logistics solutions?
And you are looking for a new professional challenge?
Then you are exactly right with the SAP EWM pioneers at LogiPlus.
Join us on our world tour through exciting intralogistics projects and experience our thrilling warehouse concerts!

**Our genre**

Since 1999, we have been revolutionizing the warehouses of well-known companies with our SAP logistics concerts.
We are true artists on the instruments SAP EWM, SAP MFS, SAP WM and SAP S/4HANA. With passion, we perform our repertoire, which includes not only classic SAP EWM greenfield implementations, but also migration projects, for example from SAP WM or SAP EWM SCM. Our setlist also features warehouse automation hits with solutions such as AutoStore. And of course, our encore: with our wide range of add-ons for warehouse process optimization, we ensure the perfect sound in the warehouse.

**The life of the band**

- **Teamwork** is very important to us, we stick together and support each other.
- We have an **open-door culture** and **flat hierarchies**.
- **Short communication channels** enable quick and uncomplicated decisions in the interests of our customers.
- Our band members have **excellent opportunities for development** and **freedom** in an exciting and **dynamic project landscape**. This is also ensured by our globally oriented intralogistics concerts.

**Your appearance**

Your repertoire includes:

- Development, extension and optimization of **SAP EWM MFS solutions** (embedded/decentralized)
- Implementation of MFS communication, telegrams as well as routing, control, error, resource and layout logic
- Customization of the SAP standard using **ABAP OO, enhancements, BADIs and user exits**
- Integration of SAP EWM with automated warehouse technology (conveyor technology, shuttles, AS/RS, sorters, robotics) and coordination with PLC partners

**Hiring organization**
LogiPlus Group

**Employment Type**
Full-time

**Beginning of employment**
as of now

**Duration of employment**
Unlimited

**Industry**
SAP and logistics consulting

**Job Location**
Ludwigshafen, remote nationwide possible

**Working Hours**
Flexible working time model, remote work

**Date posted**
22. December 2025

- Support of all test phases up to go-live as well as analysis of performance and communication problems
- Creation of technical concepts, ensuring coding standards & SAP best practices
- Technical support in go-live, ramp-up and hypercare phases incl. change requests and continuous optimization

We attach great importance to your ideas, visions and suggestions that provide our customers with tangible added value. With your concentrated SAP EWM knowledge and your many years of experience, you will also actively contribute to technical SAP EWM topics of the future and thus make an important contribution to the further growth of LogiPlus and the success of our customers.

**Your instruments**

- Completed studies in computer science, business informatics or an IT degree program or comparable training
- Several years (approx. 4-8+ years) of SAP development experience with a strong focus on SAP EWM MFS
- Very good knowledge of:
    - SAP EWM (embedded or decentralized)
    - MFS framework and telegram processing
    - ABAP Objects (OO), Enhancements, BADIs
- Experience in connecting SAP EWM to automated warehouses and PLC systems
- Good understanding of warehouse processes (inbound, outbound, internal movements, exceptions)
- Experience in go-live and hypercare phases of automation projects

**Your fee**

In addition to an attractive remuneration model and profit-sharing, you will receive a company car as well as personal mentoring and individual development opportunities. We offer you excellent development opportunities and freedom. Because the focus is on you as a person with your strengths. It is important to us that you play in our band every day with fun and enthusiasm.

**Rehearsal room**

Ludwigshafen, Dortmund, Berlin, remote nationwide possible
